

Norbridge Academy Accessibility Plan

September 2024

Accessibility Policy and Accessibility Plan

Norbridge Academy aims to treat all stakeholders, including pupils, prospective pupils, staff, governors, and other members of the academy community favourably and, wherever possible, takes reasonable steps to avoid placing anyone at a substantial disadvantage. The academy aims to work closely with disabled pupils, their families, and any relevant outside agencies to remove or minimise any potential barriers to learning, which puts them at a disadvantage, but allows them to learn, achieve and participate fully in academy life.

The academy is active in promoting positive attitudes to disabled people in the academy and in planning to increase access to education for all disabled pupils. As part of the academy's communication with parents, carers, and other stakeholders we continually look at ways to improve accessibility through data collection, questionnaires, and parental discussions.

The Purpose of the Plan

The purpose of this plan is to show how Norbridge Academy intends, over time, to increase the accessibility of our academy for disabled pupils. Under the Equality Act 2010, academies should have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law means, "Schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation". The Accessibility Plan is listed as a statutory document of the Department for Education's guidance on statutory policies for schools.

The Plan must be reviewed every three years and approved by the Academy Advisory Board (AAB). The review process can be delegated to a committee of the AAB, an individual or the Head.

Definition of Disability

A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day- to - day activities.

What will the Accessibility plan do?

1. The Accessibility Plan is structured to complement and support the academy's Equality and Diversity Policy and the SEN Policy, both of which can be accessed via our website.
2. Norbridge Primary Academy is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents, and visitors regardless of their educational, physical, sensory, social, spiritual, emotional, and cultural needs. We are committed to taking positive action in the spirit of the Equality Act 2010 regarding disability and to developing a culture of inclusion, support, and awareness within the academy.
3. Norbridge Academy's Accessibility Plan shows how access is to be improved for disabled pupils, staff, and visitors to the school within a given timeframe and anticipating the need to make reasonable adjustments to accommodate their needs where practicable.

The Accessibility Plan contains relevant and timely actions to:

- Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as prepared for life as are the able-bodied pupils. This encompasses teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum within a reasonable timeframe.
 - Improve and maintain access to the physical environment of the academy, adding specialist facilities as necessary. This covers improvements to the physical environment of the academy and physical aids to access education within a reasonable timeframe.
 - Improve the delivery of written information to pupils, staff, parents, and visitors with disabilities; examples might include hand-outs, timetables, textbooks and information about the academy and academy events; the information should be made available in various preferred formats within a reasonable timeframe.
4. Whole academy training will recognise the need to continue raising awareness of equality issues for staff and governors to comply fully with the Equality Act 2010.
 5. The Accessibility Plan will be published on the academy website.
 6. The Accessibility Plan will be monitored through Academy Advisory Board committees and reported to the full AAB.
 7. The academy will work in partnership with the Local Authority in developing and implementing this Accessibility Plan.
